About a KEMistry Member! "Since Ali started attending Soccer KEMistry in November 2008, she has made tremendous progress. Beyond the stats are things that may be immeasurable. After attending weekly skills sessions, in June 2009 she tried out for arguably the top Premier U12 girls' team in Kansas and was offered a spot. Her confidence is sky-high and it translates to her performance on the field. She is now a starter on the team and plays a major role in the team's success. In June 2011, her team won the Kansas State Cup tournament and earned the right to represent Kansas in the Regional Tournament. They made it all the way to the semi-finals before losing in overtime. Ali's dedication, effort, and passion for learning soccer skills make being a coach very rewarding." - **Kem Thomas, Founder and Technical Director of Soccer KEMistry**

See what Ali's mom had to say! "Our daughter has been working with Soccer KEMistry over the past several years and the results have been significant. Substantial improvement in foot skills and confidence has helped to unlock her potential and translated into greater on field success. The KEMistry program offers the intensity of top camps combined with weekly continuity and coach/player ratios as small as 1-to-1. The KEMistry programs are impressive and results unmatched. KEMistry is a valuable investment to make in your player." - **Lisa Burke, Parent**
